SERIAL No.

CHIEF SECRETARY'S OFFICE.

REVENUE BRANCH.

OFFICE NOTE.

SUBJECT. Grant in aid of W. Rai Bhdr. Narainsawmy Mood'r's Charitable Institutions

Vide Chief Sec'ty's order on

LAST REFERENCE. Letter No. 13694 (23 3384) dated 1st March 1893 from W. R. B. Narainsawmy Mood'r

Serial No 1. In January 1891 W. Rai Bhdr Narainsawmy Mood'r R.B. applied for (10,000 cub ft. of) timber for constructing school buildings in connection with the Charities founded by him. This was

Serial No 2. sent to the Insp'r Genl of Forests for a report after inspection of the buildings by him -

2. In his letter No. 3280/305 dated 12th March 1891 W. Ricketts recommended the grant of 10000 cft of timber for the construction of three blocks of buildings then in progress:— viz:—

1st. High School block
2d. Primary classes
3d. Workshop (Industrial)

Serial No 4

× 5000 C. ft. of tim 1st or 2d cls: 2 value 5000
5000 " 2d or 3d cls: 3 3750
Rs: 8750

3. In Pro: No. 943/15 dated the 27th April 1891. the Govt. sanctioned 5000 cft of 1st or 2nd class teak wood and 5000 cft of 2d or 3rd Class wood at 8 as per cft. for the buildings referred to and stated that the buildings should be used only for public Charitable purposes under the Educational grants-in-aid Rules.

Serial No 5

4. The Money Value of the above grant amounted to Rs. 3,750* and the cost of the buildings themselves was estimated at Rs. 55,000

5. Rai Bahadur Narasimhaswamy Mudaliar now asks for 7,500 cft of teakwood for the Construction of the Orphanage workshop, Girl School, Free Library &c the foundation stone of which was laid by His Excellency the Viceroy on the occasion of His Lordship's recent visit to Mysore last year. As rates already sanctioned for Construction by Rai Bahadur Narasimhaswamy Mudaliar other buildings, the

money value of the ~~timber~~ TEMPERS grant will amount to

Rs *.2812/ but this has to be ascertained from Mr Ricketts of the present market value.

6. Mr Naraunsawmy Moodr was (D. C.) asked to state what the estimated cost of the above building would be and the quantity of ~~timber~~ each class of wood he would require. Informr was also asked as to what timber grant was made before and for what buildings.

7. No reply has come from Mr Naraunsawmy Moodr as yet.

8. His application sub-mitted on the last occasion in Jany/91 was sent on to the Dirs Genl of Forests for report with reference to the progress

made and the Estimated Cost of the buildings - It is respectfully submitted that a similar procedure if approved may be followed on the present occasion.

Submitted for orders with draft to Supdt Land.

PB 12/6 VL 15/6

9. Mr. Narainswamy Mood[r]. now submits a statement already granted to him giving particulars of wood. The information is the same as given in paras 3 and 4 above. The estimated cost of the buildings for which a grant of 7500 cft of wood is now applied for is Rs 30.000/. As stated already the money value of the grant will be Rs 2812. But this will have to be ascertained from Mr Ricketts at the existing market value

of 1st and 2d class teak wood

4332.

346

Mysore Hall
Bangalore 14th January 1891

From

T. Shesha Dri Iyer Esq. C.S.I
Dewan Bahadur to H.H. the
Maharaja of Mysore.

I beg most respectfully to renew my application for grant of timber for several Charitable institutions already founded and to be founded by me in Bangalore.

Drafted
SKR
16/1

2. I intended placing some of my educational institutions under Government inspection and solicited a grant in aid, but the attitude of the present Government is averse to help schools more than a limited number. The following are the schools now being maintained by me.

(a) a High school in Cantonment
(b) a Primary school for boys do —
(c) a Secondary school for boys in Ulsoor
(d) a Primary school for low cast children
(e) a Primary school for Girls in Ulsoor.

3- On the advice of my friends and on the request of certain number of the Bangalore ~~gentlemen~~ public it is proposed to institute the under-mentioned institutions.

(f) An Orphanage for Hindus
(g) and an industrial school, where — Orphans and others are to be taught Car-pentrys &c.

4- (a) The High school. The efficiency of this institutions has been latterly much developed

developed as will be observed from the facts recorded in the enclosed statement and in consequence, the strength has been considerably increased necessitating enlarged accommodation. The foundation of the new building has been completed and materials for the works are being collected. I submit the accompanying plan and copy of abstract estimate for information. Since the preparation of the plan, it is again proposed to add two side rooms (each 60×14 feet) for purposes of lectures and a clock tower.

(b) The Wilson boys school and (c) the low caste children's school are now located in rented buildings. A house has been purchased in central place for the former but it has to be rebuilt for purposes of school and work has accordingly been commenced. I have proposed to construct a building for the low caste school.

5. The orphanage and the connected industrial school are also to be built providing accomodation for about 100 orphans and workshop for that number. The several schools above alluded to are in great need of benches, desks, boards and other materials.

The plans for the several institutions are in course of preperation and I have been informed that the cost will not be less than 60 or 65000 Rupees.

(6). Assured by the fact that the Government of His Highness has always encouraged charitable acts and is ever ready to render such aid as may be given in

in furtherance of such objects. I have thought after much deliberation and consultation to submit my application for 10,000 Cubic feet of timber or such quantity as you may deem proper for the above purposes. I may mention as regards the Schools, that though they are situated with in the Civil and Military Station the children of almost all the Supreme Government officials residing in the station receive their education in these schools, children of poor families being admitted free of School fees.

7. In the circumstances above represented I beg that your honor will be generously pleased to pass favourable orders on this application.

For which act of Kindness I shall as in duty bound, ever pray.

I beg to remain
Sir
Your most obedient Servant
A. [illegible] Lennox Montagu

Office of the Inspector General
of Forests in Mysore.

No 3280 In 2 with three plans. / 305 Dated, Bangalore, 12th March 1891

From,

L. Ricketts Esquire,
Inspector General of Forests.

To,

The Chief Secretary
to the Government of Mysore.

Sir,

With reference to your No 11681/192 dated the 23d January, I have the honor to report that the buildings for which Mr Narain Swami Moodelear Rai Bahadur has applied for timber, are to consist of three blocks, the first that is the main block intended for the High school, the second destined to be an appendage of the first for holding primary classes and the third designed for a workshop in which instruction in industries is to be imparted.

The

The foundation has been laid of the main building. The other blocks have not been commenced. The total cost of the building is estimated to exceed 55,000 Rupees. I submit for information plans of the buildings as they are designed. The towers in the main building are not to be immediately constructed.

2. The quantity of timber required by Mr. Narainsami Modeliar is 10,000 cubic feet. As in the case of the Lady Superior's application, the timber for Mr. Narainswami Modeliar's buildings will have to be high class timber. 5000 cubic feet of first or second class timber and 5000 cubic feet of second or third class timber, as much of the higher class in each quantity being given as possible, would, taking the average

auction

auction sale rates as the basis of our calculation, grant Mr Narainswami moodeliar a con= =cession of about Rs 87½ which is about the same proportion of the total cost of the building as I have recommended for the Convent institution - I have ac= =cordingly the honor to support Mr Narainsami moodeliar's ap= =plication for 10,000 C-feet of timber as above described - The appli= =cation is herewith returned -

5000 × 12 = 5000 Rs
5000 × 12-annas = 3750 Rs
8750

I have the honor to be,
Sir,
Your most obedient servant,

H Ricketts
Inspector General of Forests.

Cubic feet of teakwood 1st or 2nd class and ~~5000~~ 5040 c-ft- teakwood 2nd or 3rd class at 8 annas per c-ft- delivered at the nearest Govt. Depôt. 1/790

2. The Building for which Govt aid as above is given will be used only for public charitable purposes under the Educational Grant in aid Rules in force for the time being.
